

Jenstack Max Compact

High-capacity integrated
large piece stacker

Side view

Top view - single stacker

Top view - two single stackers working as twin stacker. All measures are stated in mm.

Maximum stacking size:
450 x 825 mm.
Maximum stacking height: 300 mm.

Application

The optimum solution for space-saving, high-speed stacking of thick and thin linen. When you use the Jenstack Max Compact or several stackers working in series, linen can be sorted and stacked according to linen size and predetermined categories controlled by the folders' PLC.

Operation

The folded linen arrives from the crossfolder and stops on top of two flaps which open rapidly dropping the linen onto the stack. When the pre-selected number has been reached the stack is ejected to a delivery conveyor.

Features

The delivery conveyor is supplied with a drum motor giving a smoother and steadier transport of the stacks. Inlet on the Jenstack Max Compact is spring mounted in order to secure a uniform and good stacking quality of thick as well as thin linen. Interlock safety guards for service or maintenance.

Installation

JENSEN is pleased to assist you in planning your laundry providing excellent consulting, layouts and technical data. Authorized JENSEN distributors or JENSEN engineers should carry out the installation to ensure the correct performance.
